The Board members come from a variety of backgrounds but share one common trait: a commitment to serving the park and recreation needs of the community.

Park District Updates

New Intergovernmental Agreement with the Chicago Ridge Park District

In September, the Worth Park District and the Chicago Ridge Park District have entered into a new three-year Intergovernmental Agreement (IGA) that will allow residents of both communities to enjoy reciprocal resident rates for recreational programs, memberships, camps, classes, leagues, special events, admissions, and other recreational opportunities offered by either district.

This partnership expands access to recreation for residents in both communities by allowing Worth and Chicago Ridge residents to register for eligible programs and activities at resident rates, regardless of which district is offering the program. The agreement was created to increase recreational opportunities, encourage community engagement, and strengthen cooperation between neighboring park districts. Check out what Chicago Ridge has to offer at www.ChicagoRidgeParks.com.
